

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

ThinkBook 15 G4 ABA

Smarter
technology
for all

Lenovo

Designed for modern professionals working from anywhere in the new normal, this laptop is thin and light, while packing in a range of performance-boosting features. Equipped with up to 8-core AMD Ryzen processors and ultra-fast SSD storage, it handles heavy-duty applications and complex files or data with ease. The FHD display with onboard AMD Radeon graphics and discrete NVIDIA GeForce graphics renders superior graphics and enhanced visuals.

REASONS TO BUY

Packed with innovative features that include a power button with an integrated fingerprint reader for easy authentication and AI-based noise cancelling technology that minimizes ambient noise during meetings.

The FHD display comes with an optional touchscreen and has up to 100% sRGB colour gamut – well-suited for working on complex spreadsheets and data graphs. TÜV Rheinland low blue light certification minimizes eye strain during extended use.

Smart Power On touchkey replaces the power button, ensuring biometric authentication every time somebody uses the device.
